

New Corvair Heads Prizes In Trade Expansion Drive

Always the leader in promoting programs for betterment of this area, The Elba Clipper today announces a big Trade Expansion subscription drive in which every resident of this area will benefit — receive a prize and the general public. Everyone who participates will be liberally paid for his or her time.

You are invited to take part in one of the greatest award giving events ever inaugurated in this area and share in the distribution of prizes worth thousands of dollars to be awarded Saturday, Nov. 26.

Although The Clipper already enjoys a wide circulation we are desirous of adding new subscribers to our list, and at the same time give old subscribers an opportunity to renew their subscriptions at the long term reduced rate during the six and one-half week subscription campaign just starting.

New Corvair

With this in view we have planned, and today announce the most interesting and altogether attractive prize: one of the new 1961 Corvair sedan will be awarded as first grand prize, together with a second grand prize of \$750 in cash. There will be four cash bonus prizes for third, fourth, fifth and sixth place winners.

In addition to the above awards there will be a veritable shower of money in the form of extremely liberal commission checks, payable each week to the enterprising men and women (married or single) and the young people of the more ambitious type residing in The Elba Trade Area, who are willing to cooperate in this short, snappy event.

No One Loses

One of the features of this unique drive is the fact that there will be no losers, as a commission of 20 per cent (\$1 out of \$5 collected) will be paid each week to all active participants, which in itself, is an excellent business proposition. The contest office is located in the offices of The Elba Clipper and will be open each day, including all day Saturday. The phone number is TW 7-2223.

This emphatically is NOT a "lucky drawing" nor a "something for nothing" affair. Instead, it is a business proposition, pure and simple.

Its object, very frankly, is to further expand our list of subscribers quickly and effectively and to open the way for our friends and readers to profit in a big way through whatever spare time (everybody's busy of course, but we all have some spare time) they may have during the next few weeks. So, it is a plan that works both ways and to the ultimate good of all concerned.

Easy To Sell

One of the easiest things to sell in this area at the present time is a subscription to The Elba Clipper, a newspaper for people who are interested in local community affairs, well received by subscribers in this area.

With the general shift of population in the past few years, however, there are literally hundreds of such people who would be only too glad to become regular subscribers if asked to do so.

In view of these facts, therefore, we decided to use this novel, but time-tested and proved method to place our newspaper quickly into the hands of more readers and thereby widen the scope of service to the entire community.

It is understood that the winner of first and second prizes will consider their weekly pay checks as an advance which will be returned upon presentation of prizes — thus obviating double compensation.

CONTEST —100,000 PREMIUM VOTES— EARLY EFFORT COUPON

Mr. _____
Miss _____
Mrs. _____
Address _____

This coupon will count for 100,000 Premium votes when returned to the Big Prize Contest Department with the first subscription you obtain—new or renewal—thus giving you a flying start in the race.

(Good Only During First Week of Contest)

FIRST WEEK PRIZES LISTED

Just to start the ball rolling, so to speak, and as a little added incentive to prompt action on the part of those who intend to participate in The Elba Clipper's subscription contest, this newspaper will award special prizes consisting of \$25 each to aggressive "early starters" making the best showing up to and including Saturday night, October 15th.

These special cash prizes are in addition to the regular 20 per cent commission, but a minimum of \$25 in subscription collections (both new and renewal) is necessary to qualify for a special prize, and after all, this is a comparatively small amount and easily obtainable.

Then, too, there is still another \$25 cash prize on top of the above offer to be given for extra effort and substantial results obtained during the first week of the contest — also easily obtainable — as more fully outlined in the big two page announcement in this issue.

It is easily possible, therefore, for everyone to earn \$100 in cash, or even more, during his or her very first week in the contest, while at the same time accumulating a big total of votes winning one of the major awards.

Right now is the time to get in touch with The Elba Clipper for full information and get started toward winning these special prizes, and a new 1961 Corvair.

This does not apply to third, fourth, fifth and sixth place winners.

This subscription drive will not be a long drawn out affair of several months duration, but extends over a period of only a few weeks.

The first step toward success is to clip the Entry Blank and Free Vote Coupon appearing in the big two-page announcement; then using the Early Effort Coupon (good only during the first week of the contest) you're off to a flying start with a substantial number of votes to your credit toward winning one of the big awards offered.

In order to give every contestant the fullest cooperation possible a contest department has been opened in The Elba Clipper office where the campaign editor, James O. Waldron, will help you in every legitimate way with advice and suggestions regarding the winning of the prize you most desire.

For complete information on the campaign, phone TW 7-2223 or better yet stop at The Elba Clipper office. Time is limited. Act today!

The new council discussed the parking meters briefly and said further investigation would be necessary to decide whether to remove them or to start enforcing the ordinance requiring pennies, nickels, or dimes for parking at varying lengths of time. It was found that they were purchased at a cost of \$17,000 and the city has paid \$9,716 in shares from meter collections.

Hospital Forecast For Elba In Year

Trial Goes 5 Days And Jury Disagrees To Set New Record

A record was set in Coffee County Circuit Court before Judge E. F. Paul here last week when a single trial lasted five days then ended in no agreement by the jury, and one juror became ill and was excused during the trial.

The case was brought by Travis Mixon of Dothan against Whitman Trailers, Inc., of Elba, and Basil Whitman, president of the Elba firm, occupied the witness stand for more than a day.

The trial involved numerous angles with Mixon claiming he held a mortgage on trailers of Taylor Body Co. of Dothan of which eight had been sold to Whitman, but Whitman introduced evidence that all trailers he had purchased from Taylor had been paid for and there was question about whether the mortgage covered any purchased by Whitman.

Members of the jury were: Harvey Lee Maglin, H. F. Donaldson, Harold E. Haven, Howard Lasseter, Green Mack Hudson, Oscar O. Davis, C. S. Smith, H. G. Padgett, Jack D. Vaughan, Jack Sondreard, Charles A. Goodson and Raymond Wise. Mr. Wise became ill during the trial and, by agreement of attorneys on both sides, the case continued with 11 jurors.

ANSWER NOT YET

Coffee Trailers officials have been informed by the National Labor Relations Board that it will be another two weeks before an answer may be expected on admittance of 15 contested ballots in the recent union election held for Dorsey plant employees.

A hospital in Elba within 12 months was the forecast by members of the Elba Hospital Board this week after approval of the project by the Alabama Board of Health.

Construction of the 24-bed hospital is expected to begin within six months after allocations of federal money for construction was made in Montgomery last week. Total estimated cost is \$331,000, of which \$84,500 is to be paid by Elba, \$84,500 by the state, and \$222,000 in federal funds under the Hill-Burton Act.

Contested by Mobile

Members of the board turned their attention this week to removal of a threat by Mayor Langan of Mobile who has asked the U. S. Surgeon General to enjoin federal funds allocated by the State Board last week in an effort to secure more money for hospital expansion in Mobile but this threat is not considered serious.

A 1 per cent sales tax in Elba has been collected for the past three years and has built a fund of about \$97,000 now deposited in The Elba Exchange Bank at 3 per cent interest and under the law ratified by the voters cannot be used for any other purpose. The hospital will be built with funds from the city, state and federal government.

Motorcades formed

Motorcades are being organized from cities and towns in the basin to converge upon the site of the celebration. Automobiles from Elba will travel to Saxon to join with a line-up of cars there at 1 p.m. today.

Speakers at the celebration are expected to provide new information about the final report and recommendations from the Bureau of Engineers promised for late this year.

Geneva - Pike Cofee More Than Cofee

Two of Coffee County's neighbors have run up debt's greater than that of Coffee County for the year ending September 30, 1959. Out of the states 67 counties, 58 exceeded the Coffee county debt.

The figures for the state are contained in the consolidated statement of county indebtedness, revenues and expenditures for the year ended September 30, 1959, recently released by the State Department of Examiners of Public Accounts.

Coffee county has an indebtedness (Sept. 30, 1959) of \$616,057.71, a decrease of \$153,013.11 over the same date one year before. Counties having a large debt are: Geneva, \$1,011,463.82 and Pike, \$931,575.43.

Geneva reduced her indebtedness by \$25,595.18 during the year covered and Pike County increased her debt by \$154,514.60.

Debt of other nearby counties are: Covington, \$123,377.48; Crenshaw, \$101,308.83; Dale, \$836,397.18; Houston, \$401,620.30. Each of the counties shows a debt smaller than Coffee County, however, the Crenshaw County debt jumped from \$9,807.81 to \$101,308.83 during the 12 month period.

A GREAT STEP FORWARD

The intangible benefits of the Elba hospital will far outweigh the practical values, great as the practical values will be.

No longer will the people of Elba and nearby Western Coffee area have to travel to Enterprise, Opp or Troy for hospitalization, and to visit their relatives and friends who are hospitalized. No longer will Elba doctors have to travel daily or often to Enterprise, Opp or Troy to visit a patient or patients; sometimes having to go to two or more of the cities in a day's time to see different patients, during a day already over-crowded with making calls.

Those are among the practical benefits of a hospital. But far greater will be a realization in the minds of people in Western Coffee county that Elba occupies a still greater importance in their lives, a greater pride in their home locality, a greater consciousness of Elba as a place to go.

There are still "clean-up" operations in the way before the wheels can be set in motion to start construction. Mobile is contesting the selection of appropriations. But the Hospital Board has weathered similar obstacles since it started to work for a hospital for Elba. There may be delays but events of the past week represent the greatest progress yet.

A hospital will represent a great step forward in the progress of all of Elba.

NO MAGIC WAND

A new city government took office this week and it is to be expected that there will be a flurry of activity by the new council, loud acclaim by the public, then disappointment by some when it is found that the new government has no magic wand.

Citizens of Elba can give the new government greatest cooperation by not expecting the impossible but weighing its performances in the light of its day-to-day transactions. If when the new government takes office, a policeman checks the parking meters every hour, then six months later a pedestrian walking down the street notices red flags on half the meters of parking spaces occupied by cars, it will be an indication of a general laxity all the way around. The same would be true if a business is allowed to run past the due date in making sales tax returns, a gasoline station which does not keep up to date with making its school tax returns, and so on with a hundred other operations of the city.

The new mayor is not to be expected to wave a magic wand and produce a new factory in six months. But if all "leads" are followed up, then he will have done all that he can.

A continuation of day-to-day probing, month after month, year after year, is bound to yield results.

Public Health Officials are worried. In the first five months of this year, there were 50 per cent more cases of hepatitis than during the same period last year. And the Public Health Service knows very well that its figures don't tell the complete story. There's no reason to expect a real epidemic.

Methodist WSCS Is Entertained At Prescott Home

Mrs. Alice Prescott, M. S. Bryan Taylor, Mrs. K. D. Thompson and Mrs. L. D. Thompson entertained the W. S. C. S. of the Methodist Church Monday evening at the home of Mrs. Prescott.

This was the regular monthly meeting. Mrs. Fred Johnson presided during a business session. Plans for family night for Sunday were made and the workshop booklets for 1931 were given to the members.

Mrs. Frances Farris gave a devotional and Mrs. Prescott introduced the theme for the year "The World in Our Midst." The subject for the month, "The Chart and Compass" was

given on a panel discussion. Serving on the panel were: Mrs. Frances Farris, Mrs. L. P. Murrow, Mrs. Oliver Williams, and Mrs. Raymond Tatum.

During the social hour the hostesses served a dessert course with coffee.

94th Birthday Is Mid-Day Dinner Occasion

Mrs. Ida Young, a well-known and much loved citizen of Elba, was honored Sunday on her 94th birthday when Mr. and Mrs. Jim Whitman were hosts at a mid-day dinner at their farm home.

Guests were: Mrs. Jennie Crook, Mrs. Mattie Maud Martin, Mr. and Mrs. Billy O. G.

Butch and Candace, Dr. and Mrs. J. R. Crook and children, of Evergreen, Mr. and Mrs. Charles Martin, and Mr. and Mrs. Bill Martin and Tony.

The following tribute to Mrs. Young appeared in the Church of Christ bulletin last Sunday:

Mrs. Ida Young is indeed a rare specimen of human life. 84 years of age, she is a person who has at her age the physical stamina, the mental alertness, the complete control of all faculties as "Aunt Ida".

In spite of her advanced age and physical infirmities, she is able to attend services regularly. Truly her love for the Lord should serve as an inspiration and example to her children, her friends and brothers and sisters in the Lord.

Truly we salute Mrs. Ida Young, who, though some four score and some more years of age, still is able to make many of us who are younger take stock and ask, "Will I be as active when I am that old? Truly her life is a marvel."

Open House Held By Rev. Bozeman And Bride

Rev. and Mrs. Wesley Bozeman observed open house Thursday afternoon and evening for the members of West-side Baptist Church.

A color theme of green and yellow was carried out in the decorations. Backs of yellow chairs and cushions were decorated with yellow flowers.

The refreshment table was covered with yellow flowers and centered with a yellow cloth. A color theme of green and yellow was carried out in the decorations.

Club members to turn in records of their projects. I already know of one boy who made 1955 pounds on his peanut project. Our goal is to get a record from every boy who was member of a 4-H club in 1950.

In thinking of records, I am always reminded of Mr. John Brunson's statement to farm groups. Mr. Brunson is president of the Elba Exchange Bank and three organizations. I have heard him tell farmers and cattlemen to keep a record to tell whether they are

making money, breaking even or losing money, and Mr. Brunson emphasizes that the only way to tell is by keeping records.

P. T. A.'s Seek New Members In The U.S. — And Overseas

When in Rome—or Oslo or Athens, Fontainebleau or Reykjavik—American parents and teachers do just about as they do at home: they form a P.T.A.

More than 42,000 P.T.A. members in the European Congress of American Parents and Teachers this fall will join in the annual October Membership Month of the National Congress of Parents and Teachers.

Like their nearly 12 million counterparts on U.S. soil, these P.T.A. members who live overseas—from Iceland to the Middle East, most of them on American military bases—will encourage others to "serve where you are," join the P.T.A.

Serving the welfare of American children, wherever they are, is the primary object of the National Congress. It has brought the P.T.A. into many areas of activity during its 63-year history. Since formation of the European branch in 1928, these activities have taken on new flavor:

—A European program of scholarship, similar to those provided by many state colleges in the United States, this year awarded 500 students to American colleges for seven students; they were graduates of American overseas schools in Nuremberg, Munich, Stuttgart, Berlin, Hamburg, and Vienna, Germany; and Vienna, Italy.

—Concerned, like other P.T.A.s, with the interests of mentally and physically handicapped children, the European Congress has initiated a program of special class instruction for these youngsters, providing the funds for additional teacher assistants, helpers, and materials to be used in some 20 schools.

—Foreign language education, a natural interest for children whose parents are assigned overseas, has been a major interest of P.T.A. in the European Congress. In Air Force schools, serving from Oslo to Saudi Arabia, children in grades 3 through 8 are taking classes in foreign language this year.

—Adult education programs of the P.T.A., which in the U.S. usually take the form of study groups, may become many more in the future.

The National Congress has always recognized, she says, "that great differences exist among the states and communities." As these P.T.A. members, both teachers and parents, return from overseas assignments, they bring broader understanding of other countries to their state libraries of ideas from which the local unit draws to suit its needs.

"This is one great contribution our European members can make," says Mrs. James C. Parker, of Grand Rapids, Mich., president of the National Congress, who acted as a consultant to the European Congress when she attended their convention last April.

"Overseas P.T.A.s," she points out, "bring to American boys and girls living in other parts of the world some of the best of the world's best, whether they live in cities, suburbs, rural areas, or on military bases abroad—an organization that cares about the homes of children live in, the schools they are taught in, and the neighborhood they grow up in."

Memorial songs were by Mrs. J. M. Pridden No. 569 for Eugene Conner and 590 by request by Mr. Benton, W. D. Wiese sang 45, 47 for the Conner family and the R. E. Bullard family, John Wiese sang 82, 83 in memory of Vernon Brooks, Perry Dean sang 138, 266, 267 for the Carney family, A. L. Helms sang No. 510 for the John H. Moody family, Mrs. J. M. Pridden sang No. 437 by request and U. E. H. Dean sang No. 338 by request.

The chairman sang No. 70, 71 followed by A. A. Davis, W. D. Ross, Curtis Teal, W. J. McKinney, Willie C. Rhodes, E. O. Boldin, W. A. Deese, Mr. Galloway, Vickery Willis, Mrs. Green Mack, Rev. Milton Allen, U. B.

The chairman sang No. 59 followed by the following leaders: Haston Blair, A. A.

FROM NOW ON...

What a strange feeling it gave me, the first time Laura went to school! As I watched her, I realized that these were her first independent steps. From this day forward, she would be increasing on her own.

I don't think I ever felt my responsibility as a mother as much as I did at that moment. Had I given her the proper foundation to meet the trials, the temptations and frustrations that are an inevitable part of even a school child's life? Had I done enough for her?

Being human, I probably hadn't. But there was one thing I had done. From the beginning, I had made the Church a part of Laura's life.

You can't shelter your children from harsh reality. But you can, through the teachings of the Church, help them face life with strength and faith, giving them the assurance that God is ever-present.

Given Special Notes

Montevallo — Adoption of an attitude of "defiant intolerance for mediocrity" at Alabama College has led to a new program of education for above average students.

Students will be admitted to the program any time before their senior year. Freshman students are selected by an Honors Committee using American College Test examination scores as a guide. Only those upperclassmen who have cumulative and current grade averages of 2.3 or above "B" averages, are admitted.

Participants receive a number of awards and distinctions. Drawn up at the recommendation of the Honors Committee, they include preference for financial help when needed, special recognition at academic ceremonies and convocations, additional library privileges, and special diplomas carrying designations for those who complete at least two years in the program.

Tigers Beaten By Florals; Battle With Hartford Tomorrow

The Elba Tigers are doing favorites to even their season record to three wins and three defeats tomorrow as they meet an underdog Hartford Bulldogs team in Tiger stadium at 8 p.m. Elba will seek to avenge a 5-0 loping from Hartford last year.

The Tigers played a string game, but were downed by a fierce offensive game by Florals. The home team took a 29 to 14 victory over the locals. The Bengals played good ball, but the favored Wildcats held them in check most of the game.

Florida started the fireworks in the third quarter after intercepting a Tony Hudson pass on the 50 and running it back to the Elba 25. From there, they struggled over with a six pointer in 8 plays, with McCarty going over. Cyprien's extra point was no good, and Florida led 6 to 0.

The Covington County boys scored again in the first frame and Elba came roaring back on Sanders' passing to Gary Hudson and George King to make it 13 to 7. Sanders' 22-yard pass to King in the end zone scored for Elba and Sanders ran the ball over for the extra point. Florida scored a late in the second frame to make the game 20 to 7 at halftime.

Elba's attack dominated the game in the second half, as the Tigers pulled over another TD and seemed on the verge of getting back into the game.

This time, the passing of Sanders to Hudson and the hard running of Elmer Twigg gained the necessary ground and yardage to put the game over for Elba. Sanders once again added the PAT, making the score 29-14.

Florida put the game on ice in a thrilling fourth quarter with a well-earned touchdown and won the game 23 to 14.
